<sup>1</sup> Represents contributions of employees, employers, and the self-employed in employments covered by OASDHI under the Social Security Act, on an estimated basis with suitable subsequent adjustments. Data for earlier years reflect former appropriation bases. Includes deposits by States under voluntary coverage agreements. Beginning in 1983, includes contributions for post-1956 military earnings credit. Beginning in 1984, includes Federal income tax receipts from the portion of Social Security benefits deemed to be income for tax purposes, and includes contributions representing tax credits provided on wages and self-employment income under Public Law 98-21. Employee-tax refunds deducted. Excludes transfer from general revenues.

<sup>2</sup> Excludes transfers between OASDHI system and Railroad Retirement account under the financial interchange provisions of the Railroad Retirement Act.

<sup>3</sup> Represents employee and Government contributions. Beginning in 1968, also includes Foreign Service and contributory survivor programs for Federal judiciary and Tax Court. For civil service, employee share includes voluntary contributions to purchase additional annuity; government share includes Federal and District of Columbia agency contributions and, beginning in 1968, Federal payment for current unfunded liability.

<sup>4</sup> Beginning in 1959, net of tax refunds. Contributions for hospital insurance of railroad workers are collected and reported with Railroad Retirement contribution initially and are transferred once a year to the Hospital Insurance Trust Fund; data for

that month only (the month in which the transfer occurs) are adjusted by the Treasury source to reflect the transfer.

<sup>5</sup> Excludes reimbursement from treasury general funds for cost of benefits for persons not insured for cash benefits under OASDHI or Railroad Retirement. Includes contributions for hospital insurance coverage of railroad workers (principal amount only), see footnote 4; and, beginning July 1973, premiums for voluntary coverage of uninsured individuals aged 65 or older.

<sup>6</sup> Through 1952 represents deposits in State clearing accounts of contributions plus penalties and interest collected from employers and contributions from employees (three States in recent years), as reported by State agencies (to Department of Labor, 1950–52). Starting in 1953, represents State deposits in (Federal) unemployment trust fund.

<sup>7</sup> Represents taxes paid by employers under the Federal Unemployment Tax Act. Beginning in 1961, net of tax refunds. Includes tax proceeds for financing temporary extended unemployment for 1958 and 1951. Some monthly figures include Treasury adjustments (minus) for misclassification of prior month's taxes.

<sup>8</sup> Beginning in 1947, also covers railroad temporary disability insurance.
